R-CAT at 7 Divisional Headquarters

Hon'ble Chief Minister has approved Rs. 25.90 cr. to create the state-of-the-art facilities for 5 new spokes in all divisional headquarters, at the following locations:

1. Sarvepalli Radhakrishna Bhavan, Rajasthan Technical University, Kota
2. Vigyan Bhawan, Mohanlal Sukhadia University, Udaipur
3. Department of Artificial Intelligence, Government Engineering College, Bharatpur
4. Government Engineering College, Ajmer
5. School Innovation Hub, Maharaja Gangasingh University, Bikaner

INAUGURAL SESSION

R-CAT's Quarterly Newsletter, R-CAT ITSights was released by Shri Ashish Gupta, IAS, Commissioner and Joint Secretary of DoITC and MD of R-CAT along with other dignitaries on the dais in the inaugural session.

R-CAT OPEN HOUSE A STAKEHOLDERS' DIALOGUE

The Open House was organised to bring all stakeholders under one roof and at one single platform to discuss threadbare the key issues in teaching, learning, employability and industry-academia engagement to strengthen the advanced and emerging technologies ecosystem in the state of Rajasthan.

R-CAT's initiative to bridge the gap between industry and academia in the areas of application of domain knowledge, Meta skills, and awareness of industrial best practices etc. was highly appreciated by the delegates from Academia, Industry and the Government. .

IWD COMMITMENT DELIVERED

Adobe Digital Design for Rural Women

On International Women's Day (IWD), R-CAT had launched two batches of 20 each for Rural Women, one at Banskur and second at Rajasamand. These women who were selected through a Special Quiz-A-Thon, received full scholarships to pursue advanced training in Digital Design and upon graduation 08 women have already been placed and remaining 32 are pursuing self-employment.

Free Workshop for Women Entrepreneurs

Women Entrepreneurs from Laghu Udyog Bharti (LUB) received free one week training in Digital Design from Adobe. They found it highly useful for their own business ventures and thanked R-CAT for making advanced technology training affordable, accessible and inclusive.

INTERNATIONAL WEBINARS

Creativity and Innovation for Sustainability

The expert panelists discussed on the best practices in the use of inherent human creativity and innovation to achieve sustainability in our daily lives through industry actions, policy decisions and community interventions and highlighted how with the advent of advanced and emerging technologies, it has now become easier to innovate for sustainable development goals (SDGs).

CREATIVITY AND INNOVATION FOR SUSTAINABILITY

CELEBRATING THE WORLD CREATIVITY AND INNOVATION DAY

21 APRIL 2023, FRIDAY, 11.00 AM TO 12.00 PM (IST)

LIVE on f | webex

R-CAT Raj | RajRat | R-CAT Rajasthan | R-CAT_Raj | rat.rajasthan.gov.in

Digital Technologies for Older Persons and Healthy Ageing

The webinar focused on how digital technologies are shaping the health, MedTech and elderly care sectors. The experts came from emerging tech, medtech, academia, edtech and fintech sectors who highlighted global best practices in their respective areas and how India can customise the learning to apply to her unique cultural and social contexts. The webinar was organised to mark the World Telecommunication and Information Society Day.

Girls in ICT: Digital Skills for Life

The webinar was organised to mark International Telecommunication Union (ITU)'s 'Girls in ICT' International Day on 27th April 2023. The expert panelists stressed on the importance of Girls in ICT and how it leads to have equal gender representation in technology. Women in Technology no longer want to be just passive recipients and users but active innovators as well. Experts and participants joined from Australia and Canada.

Faculty Development Programmes

R-CAT, in collaboration with its tech partners, has launched Faculty Development Programmes (FDP) for its academic partners, universities, and reputed higher education institutes during this summer break of 2023. The approved 40 hours programme for five days is collaboratively designed so that it meets the academic criteria for capacity development of faculty members as per UGC/AICTE Guidelines.

Faculty members receive a Certificate of Completion only when they attend a minimum of 75% of the training programme and achieve a minimum of 60% score in the final evaluation. More than 400 Faculty Members have been trained so far. Several other FDPs are being planned in near future.

VISITS

R-CAT hosted several important visits during April-June 2023. Leaders and delegates from Industry, Academia and Government Agencies visited R-CAT and appreciated the institute's work to promote affordable, accessible and inclusive tech education. Among the most notables include the SAS Global Team led by Mr. Sean O'Brien, IIM Udaipur team led by Prof Ashok Banerjee, Tamil Nadu Government team led by Mr. Praveen Nair (IAS), ESRI Team led by Mr. Agendra Kumar, Chandigarh University tem led by Prof Sanjeev Jain, and a team of IAS Probationers.

TESTIMONIALS

Prof. Ashok Banerjee
Director, IIM Udaipur

Unique Government Initiative

This is my first visit to R-CAT and I am really impressed. The building is the state-of-the-art, the equipment(s) are modern, people are passionate, and these are right infrastructure. I can't believe that it is state government's initiative. I am sure it will attract talents and provide entrepreneurship and training to people of Rajasthan so that they can go and make places & make names in the field of modern technologies.

Mr. Praveen Nair (IAS)
Director of E-Governance, Tamil Nadu

A Model to Replicate

First time I have seen such a facility like R-CAT. The idea of the government is to create an international standard of Finishing School by having IT bigwigs offering international certifications to prepare college students to become professionals. This is a great concept. The idea of Hub and Spoke is also very useful. If this idea can really be implemented in letter and spirit, in a few years, we can see tremendous transformation in our human resources in IT Sector which can spread to other sectors as well. I am happy to visit R-CAT from Tamil Nadu and would like to replicate such a model in our state so that we offer the best to our future talents.

Ms. Anju Singh
Member, National MSME Board, Govt of India

Towards Gender Inclusive Tech

I am happy to visit R-CAT and appreciate the world-class infrastructure in Jaipur. Grateful for the training offered for our women entrepreneurs of Laghu Udyog Bharti in Digital Design who are highly impressed with the quality of training they received and they want to receive more advanced training in this area. Thank you for working for gender inclusion and I am especially happy to see the R-CAT marching ahead with two highly capable women leaders at the helm of affairs.

Baipalli Vallab Rao
Managing Director, PHYTEC

Make in Rajasthan

As we inaugurate the Phytec Embedded IoT CoE at R-CAT Rajasthan, we are happy to partner with Government of Rajasthan and bring this German Technology to Rajasthan to increase the number of embedded engineers in the state and thereby contribute to Make in Rajasthan in the field of advanced and emerging technologies.
